CHRIS AFAYOMIDE
Fullstack Developer

+234-8142360551 | daraseyi086@gmail.com | https://seyi.vercel.app

PROFILE

Fullstack developer with over 4 years experience.

I have successfully launched learning platforms, e-commerce sites, and blockchain projects

I have worked as an intern, backend developer, frontend developer and as a fullstack developer for various organizations.

I love listening to music, working out, watching sitcoms, and most importantly, writing code.

 I enjoy solving problems and applying logic with creativity.

WORK EXPERIENCE

FULLSTACK DEVELOPER
Plusworld Roofing
February 2022 - Present

- I am helping to manage all the existing technical products of plusworld
- Similar to Udemy, I am building the web app for the Plusworld Academy learning platform to teach construction courses.
- You can view the deployed version here at https://plusworld.vercel.app
- I am using typescript, next.js for the frontend
- I am using postgres nodejs, aws for the backend and to store data.
- I helped to test and build the dandys beauty app, a child company of plusworld. available on playstore and apple store
- I started as an intern and was later made a permanent staff after three months for my unmatched work ethic
- https://play.google.com/store/apps/details?id=com.abby1.Dandys&pcampaignid=web_share

FULLSTACK DEVELOPER (PROJECT)
Afro Royals
November 2023 - Present (Project)

- I independently developed and designed from scratch a fully customizable web app to sell african fabrics
- I integrated a apayment system with the paystack api
- You can view the deployed version at https://afrifashion.vercel.app
- You can view the github repo at https://github.com/afayomide/afrifashion
- I worked on both the frontend and backend.
- I used javascript, react for the frontend
- I used mongo, nodejs, google cloud platform for the backend and to store data.

FULLSTACK DEVELOPER (PERSONAL PROJECT)

Audet Blog

August 2024 - Present (Personal Project)
